

Oxer Night

Beds / Design Collection

Oxer Night uses broad headboard cushions above a simple upholstered frame, with blanket-stitch detailing following the edges. The seam is a defining feature, giving the generous surfaces a visible boundary without adding a rigid surround.

The recorded hardwood structure has a feather-covered polyurethane headboard and a padded base, with wooden mattress slats. Consider the stitching contrast together with the main covering so the edge detail is either clearly expressed or kept close in tone.

Dimensions & configuration

Headboard height 70 cm - 28".
