

Cocoon Mirror

Accessories / Design Collection

A long rectangular reflective area is surrounded by a clearly visible frame in the Cocoon mirror. Corner joints break up the border, giving the otherwise simple outline a small construction detail.

Its proportions can be considered alongside nearby cabinetry or an upholstered piece without repeating their full shape. The frame material, dimensions and installation method need to be confirmed for the selected version; the image alone does not establish the mounting arrangement.

Dimensions & configuration

Reference configuration ES012 · Overall framed mirror: 110 × 8 × 200 cm (W × D × H).

Reference configuration ES013 · Overall framed mirror: 150 × 8 × 200 cm (W × D × H).

Measurements above refer to the documented reference configuration. Custom overall dimensions and arrangements follow the approved drawing.

Options, colours & customization

Size & shape: discuss mirror width, height, diameter or outline for the approved drawing.

Frame & colour: request frame upholstery, finish and colour for physical sample confirmation.

Installation: provide wall and location details so the hanging and fixing method can be agreed in the drawing.

Care instructions

Wipe the mirror with a soft, lint-free cloth; apply an approved cleaner to the cloth rather than spraying the edges or backing.

Dry-dust the mirror surround and frame separately; keep cleaning liquid out of trim, corners and seams.

Before ordering

This sheet is for product selection. Custom dimensions, construction, materials and colours are subject to the approved samples, drawings and order.
