

Puzzle coffee tables

Tables / Design Collection

Puzzle uses low geometric forms with tops slightly recessed inside covered frames. When different sizes overlap, the upper surfaces and defined borders create a layered composition rather than an uninterrupted tabletop.

The recorded hardwood frame is covered in leather, with glass, mirror and ceramic surfaces listed. The inner corner trim is another detail to consider when choosing a finish. Compare the borders from above as well as from the seats, where the covered edges remain prominent.

Care instructions

Dust the leather-covered frame separately from the hard top; apply any approved cleaner to the cloth, not directly to the covering, joints or edges.

Use coasters and heat-resistant mats on the top; lift objects instead of dragging them and protect the edges from knocks.

Follow the care instructions for the selected top finish and identify its material before using a cleaner.

If the mirror top is selected, apply an approved cleaner sparingly to a cloth; do not spray the edges or backing.
