

Space coffee tables

Tables / Classic Collection

Space combines contoured geometric tops with open metal supports that meet beneath the surface. A covered connection detail marks the crossing point, linking the slender structure with the upholstered pieces around it.

Glass, ceramic and marble are listed surface choices, while some versions introduce a more substantial covered element. Compare the exact model rather than assuming one base arrangement throughout the range, especially when planning a group of different heights beside a sofa.

Options, colours & customization

Size & shape: discuss top length, width, height, diameter or outline. Dimensions follow the structure and approved drawing.

Materials & colour: request stone, wood, glass or another surface for review against the design and physical samples.

Base & finish: submit your preferred base style, metal colour and surface treatment for confirmation with the materials and quote.

Design & construction

Back lacquered glass top (black or white).

Ceramic top available in all customizing finishes.

Marble top available in all customizing finishes.

Metal base available in all customizing finishes.

T214 hard wood frame and polyurethane covered with leather or fabric.

Care instructions

Dust the leather-covered frame separately from the hard top; apply any approved cleaner to the cloth, not directly to the covering, joints or edges.

Use coasters and heat-resistant mats on the top; lift objects instead of dragging them and protect the edges from knocks.

Follow the care instructions for the selected top finish and identify its material before using a cleaner.

Wipe the exposed metal legs or base with a soft, dry cloth; keep mop water off the feet and avoid abrasive polishes.
