

## Flamingo night

Beds / Classic Collection

Flamingo Night rises above the pillows with a high headboard divided by pronounced seams. A broad upholstered base continues the horizontal line, while the headboard edge and front detailing provide a place to compare matching or contrasting upholstery treatments.

Its hardwood frame is padded with polyurethane and wadding, with fabric at the rear of the headboard. Plan the headboard against wall lights and windows as well as the bed footprint; any storage-base version needs a separate configuration check.
