PRODUCT INFORMATION

Spider Stool

Chairs & Stools / Design Collection

The Spider stool raises a curved upholstered back and padded seat over a slender open base. A visible crossbar links the long legs, while the upper frame continues around the sides of the seat.

Its taller format belongs with a raised table or counter rather than a standard dining top. Select the seat height against the finished surface height, and leave room for knees and for the stool to be pulled out.

Dimensions & configuration

Reference configuration CHRST · Bar stool: 60 × 55 × 103 cm (W × D × H).

Reference configuration CHRCO · Counter stool: 60 × 55 × 94 cm (W × D × H).

Measurements above refer to the documented reference configuration. Custom overall dimensions and arrangements follow the approved drawing.

Options, colours & customization

Size: discuss seat height, width, depth and compatibility with your table. Custom dimensions follow the design and approved drawing.

Materials & colour: submit upholstery, timber or other surface preferences. Confirm colour and texture from physical samples.

Base & details: discuss base finishes and upholstery details. Each seat height and structural configuration is confirmed separately.

Care instructions

Dust the high-stool footrest rails and feet separately with a soft, dry cloth; avoid repeated scuffing from shoe soles.

Dust the seat separately from the exposed leg frame, keeping upholstery cleaner off the frame and its joints.

Before ordering

This sheet is for product selection. Custom dimensions, construction, materials and colours are subject to the approved samples, drawings and order.
