

Philly coffee tables

Tables / Selected Collection

Philly uses a round top above a cylindrical covered support, with a wider metal base defining the contact with the floor. Different proportions change the balance between the visible column and the upper surface.

The hardwood structure is covered in leather, and listed top choices include glass, mirror, ceramic and marble. The clear separation of top, column and base allows the three finishes to be compared independently when planning a side table or coffee-table group.

Marble top available in all customizing finishes.

Metal base available in all customizing finishes.

Care instructions

Dust the leather-covered frame separately from the hard top; apply any approved cleaner to the cloth, not directly to the covering, joints or edges.

Use coasters and heat-resistant mats on the top; lift objects instead of dragging them and protect the edges from knocks.

Follow the care instructions for the selected top finish and identify its material before using a cleaner.

If the mirror top is selected, apply an approved cleaner sparingly to a cloth; do not spray the edges or backing.
