

## Zipper ottomans

Chairs & Stools / Classic Collection

Zipper ottomans use a visible zip line to divide the upholstered top from the lower body. Rounded and more rectangular forms give the same detail different proportions, making the fastening part of the silhouette rather than a hidden seam.

A single piece can sit beside an armchair, while a pair brings different shapes into a larger sofa arrangement. Coordinating the zip colour with nearby trim can connect these smaller pieces to the main seating.

### Dimensions & configuration

Reference configuration P20 · Square ottoman: 40 × 40 × 38 cm (W × D × H).

Reference configuration P68 · Ottoman: 62 × 52 × 38 cm (W × D × H).

Measurements above refer to the documented reference configuration. Custom overall dimensions and arrangements follow the approved drawing.

### Options, colours & customization

Size: discuss seat height, width, depth and compatibility with your table. Custom dimensions follow the design and approved drawing.

Materials & colour: submit upholstery, timber or other surface preferences. Confirm colour and texture from physical samples.

Base & details: discuss base finishes and upholstery details. Each seat height and structural configuration is confirmed separately.

## Care instructions

Gently dust along the zip and contrasting seams without forcing the zip; confirm the construction and care label before removing anything for cleaning.

Dust the lower edge of the low seat before cleaning the floor; keep mop water away from the covering.

## Before ordering

This sheet is for product selection. Custom dimensions, construction, materials and colours are subject to the approved samples, drawings and order.
