

Cocoon

Sofas / Design Collection

Cocoon combines substantial seat cushions with an open woven outer structure in its braided version. The gaps in the shell give the side and rear views a different character from a completely enclosed sofa.

A broad range of modules allows straight and corner arrangements. Where the sofa divides an open living area, the woven back can become part of the room rather than a surface that needs to be hidden against a wall.

Dimensions & configuration

Seat depth 65 cm.

Seat height 42 cm.

Armrest width 25 cm.

Armrest height 63 cm.

Measurements above refer to the documented reference configuration. Custom overall dimensions and arrangements follow the approved drawing.

Options, colours & customization

Size & layout: discuss a straight, corner or modular arrangement for your space. The final design follows the approved drawing.

Upholstery & colour: send your preferred fabric, leather swatch or colour reference. Material suitability and colour are confirmed from physical samples.

Details: specify your preferred leg finish, surface finish and stitching colour for review with the material selection and quote.

Design & construction

Multilayer wood frame with elastic webbing seat suspension.

Polyurethane seat cushion with a feather pad, covered with Dacron.

Polyurethane back padding covered with Dacron.

Leg height 13 cm.

Woven version: metal structure available in various finishes.

Bed option not available.

C0204 included in the price of E01 and S/D81 elements.

Stitching CUC501C.

Care instructions

On the woven version, gently dust between the strands without picking at gaps or pulling them; care for the frame and covering separately.

The seat combines foam with a feather layer: gently smooth its shape rather than beating it like a loose-feather pillow.

Gently wipe exposed metal inserts, supports and fittings with a soft, dry cloth; keep liquid out of their junctions and avoid abrasive polishes.

Before ordering

This sheet is for product selection. Custom dimensions, construction, materials and colours are subject to the approved samples, drawings and order.
