

Basket coffee tables

Tables / Design Collection

Circular tops sit above open, basket-like bases in the Basket table group. The different heights and diameters shown in the images allow a low coffee table and a taller side table to share the same visual language.

Glass and ceramic are listed top choices, alongside a range of base finishes. The open supports are especially noticeable from a seated position, making the relationship between the top edge, base color and nearby upholstery a useful part of the selection.
