

Clepsydra

Tables / Design Collection

Clepsydra draws its outline from an hourglass, narrowing through the middle before widening toward the top and floor. The compact, sculptural base gives a small table a clear presence beside seating.

Its recorded resin structure is covered in leather and accented by a metal insert. Listed tops include back-lacquered glass, mirror, ceramic and marble, allowing the upper surface to contrast with or closely match the covered support.

Dimensions & configuration

T49 - Ø60 x H 36cm

T50 - Ø37 x H 52cm

Measurements above refer to the documented reference configuration. Custom overall dimensions and arrangements follow the approved drawing.

Options, colours & customization

Size & shape: discuss top length, width, height, diameter or outline. Dimensions follow the structure and approved drawing.

Materials & colour: request stone, wood, glass or another surface for review against the design and physical samples.

Base & finish: submit your preferred base style, metal colour and surface treatment for confirmation with the materials and quote.

Design & construction

Polyurethane resin frame covered with leather.

Metal insert available in all customizing finishes

Back lacquered glass top (black or white).

Mirror top available in Mirror, Bronze Mirror and Smoked Mirror finishes.

Ceramic or marble top available in all customizing finishes.

Care instructions

Dust the leather-covered frame separately from the hard top; apply any approved cleaner to the cloth, not directly to the covering, joints or edges.

Use coasters and heat-resistant mats on the top; lift objects instead of dragging them and protect the edges from knocks.

Follow the care instructions for the selected top finish and identify its material before using a cleaner.

If the mirror top is selected, apply an approved cleaner sparingly to a cloth; do not spray the edges or backing.

Before ordering

This sheet is for product selection. Custom dimensions, construction, materials and colours are subject to the approved samples, drawings and order.
