

Saks coffee tables

Tables / Classic Collection

Saks sets a square or rectangular top inside a low leather-covered frame, lifted above the floor by visible metal legs. The straight perimeter makes the covering an important detail from a seated viewpoint.

The listed surfaces include glass, ceramic and marble. Contrasting the frame with the top emphasizes the border, while closer tones produce a more continuous volume. Select the shape around the sofa layout and leave room to move past the table's corners.

Metal legs available in all customizing finishes.

Care instructions

Dust the leather-covered frame separately from the hard top; apply any approved cleaner to the cloth, not directly to the covering, joints or edges.

Use coasters and heat-resistant mats on the top; lift objects instead of dragging them and protect the edges from knocks.

Follow the care instructions for the selected top finish and identify its material before using a cleaner.

Wipe the exposed metal legs or base with a soft, dry cloth; keep mop water off the feet and avoid abrasive polishes.
