

Karl coffee table

Tables / Design Collection

Karl keeps its profile low and substantial, with an oval top set within a deep covered perimeter. A buckle detail interrupts the outer band, taking a small fastening element and making it part of the table's identity.

The padded hardwood body is covered in leather, with glass, ceramic and marble surfaces listed. Consider the side covering as well as the top when placing the table: much of its outline remains visible from the surrounding seats.

Use coasters and heat-resistant mats on the top; lift objects instead of dragging them and protect the edges from knocks.

Follow the care instructions for the selected top finish and identify its material before using a cleaner.
