

Cruise coffee tables

Tables / Design Collection

Cruise sets rounded tops above slender tubular supports, with covered details interrupting the exposed metal. The table group includes low surfaces and taller side-table proportions, creating changes of level around the seating.

Back-lacquered glass, ceramic and marble are listed top options. The metal finish and leather details can be considered separately, allowing a quieter matched combination or a visible contrast at the points where the supports meet the frame.

Care instructions

Care for the leather-covered base separately from the top; keep liquid from running onto the covering and base joints.

Use coasters and heat-resistant mats on the top; lift objects instead of dragging them and protect the edges from knocks.

Follow the care instructions for the selected top finish and identify its material before using a cleaner.
