PRODUCT INFORMATION

Dean

Armchairs / Design Collection

Dean has a sculpted upholstered body with open sides beneath a curved arm line. Contrasting trim follows the outline, giving definition to the chair without adding another layer of volume.

The seat and lower body form a strong continuous profile. A clear area around the chair lets the side openings remain visible, making it useful to consider as a freestanding occasional seat rather than one pressed into a corner.

Dimensions & configuration

W. 74 cm x H. 77 cm x D. 79 cm.

Seat depth 49 cm.

Seat height 44 cm.

Armrest height 72 cm.

Measurements above refer to the documented reference configuration. Custom overall dimensions and arrangements follow the approved drawing.

Options, colours & customization

Size: discuss seat width, depth, height and back proportions. Custom dimensions follow the design and approved drawing.

Upholstery & colour: provide a fabric or leather swatch, or a colour reference, for material and sample confirmation.

Base & details: discuss the base material, finish and stitching colour. Functional options such as a swivel base require separate confirmation.

Design & construction

Metal frame.

Polyurethane seat and back padding.

Stitching CUC 501 B.

Care instructions

Smooth the foam-padded surfaces gently; do not beat, wring or saturate the padding.

Gently dust upholstered seams, edging and adjacent surfaces separately; keep cleaning liquid out of the seams.

Before ordering

This sheet is for product selection. Custom dimensions, construction, materials and colours are subject to the approved samples, drawings and order.
