

Jago

Tables / Classic Collection

Jago places a circular top over a conical pedestal, concentrating the support beneath the center of the table. Vertical metal inserts break up the covered base and trace its tapered shape.

The listed wood structure is wrapped in leather, with glass, ceramic and marble top options. Its lounge-table format calls for checking the surface height against the intended seating, rather than treating it automatically as either a low coffee table or a standard dining table.

Dimensions & configuration

Reference configuration T312B · Dining table: Ø140 × H75 cm.

Options, colours & customization

Size & shape: discuss top length, width, height, diameter or outline. Dimensions follow the structure and approved drawing.

Materials & colour: request stone, wood, glass or another surface for review against the design and physical samples.

Base & finish: submit your preferred base style, metal colour and surface treatment for confirmation with the materials and quote.

Design & construction

Wood frame covered in leather.

Glass top in back lacquered black (RAL 9005) or white (RAL 9003).

Ceramic and marble tops available in all collection finishes, except Limestone for models T311B, T312B and T313B.

Metal inserts available in all collection finishes.

Care instructions

Dust the leather-covered frame separately from the hard top; apply any approved cleaner to the cloth, not directly to the covering, joints or edges.

Use coasters and heat-resistant mats on the top; lift objects instead of dragging them and protect the edges from knocks.

Follow the care instructions for the selected top finish and identify its material before using a cleaner.

Gently wipe exposed metal inserts, supports and fittings with a soft, dry cloth; keep liquid out of their junctions and avoid abrasive polishes.
