

Floor pillows

Accessories / Design Collection

These large floor cushions extend the upholstered composition below the level of a conventional chair or sofa. Broad faces, defined edges and visible tie details give them a distinct outline when placed individually or together.

The recorded filling combines polyurethane with a feather covering. Their cover and color can be considered alongside nearby seating, while the exact size and intended use should be established before including them in a room plan.

Dimensions & configuration

Options, colours & customization

Size: submit your preferred cushion, seat pad or upholstered accessory dimensions for review.

Fabric & colour: provide a fabric swatch or colour reference to coordinate with your furniture.

Details: discuss stitching, edge finish and filling requirements for sample and quote confirmation.

Design & construction

Padding in polyurethane covered with feather.

Care instructions

Gently smooth the combined foam and feather insert; do not beat or wring it like a loose-feather pillow.

Gently dust the cushion edges and seams; a zip does not mean machine washable, so check the label before removing the cover.
